OUR COMMITMENT TO INDIGENOUS COMMUNITIES

We believe Strad can make a difference through strategic partnerships that support the diverse priorities of Indigenous communities. We will Go Beyond so that every group we work with shares economic benefits.

Strad's Indigenous Relations program, Enigok, encompasses our core purpose as it relates to our commitment to Indigenous communities and partners. Enigok is an Ojibway word which translated means "Going Beyond."

Strad joined the Canadian Council for Aboriginal Business (CCAB) in 2019, and achieved the **Bronze Certification Level** with their Progressive Aboriginal Relations (PAR) Program in 2022.

INDUSTRIAL MATTING FOR EVERY SECTOR

Strad has a long track record in matting and we are a leader in this business because we understand no two access roads or project sites are built the same.

Matting offers ground protection from the wear and tear of heavy equipment and traffic as well as helps protect against soil contamination. Strad also offers full-scale mat washing services to meet the cleaning standards some locations demand.
